Indium Corporation

Indium Corporation is a premier materials refiner, smelter, manufacturer, and supplier to the global electronics, semiconductor, thin-film, and thermal management markets.

We develop, manufacture, and market solders; electronics assembly and packaging materials; thermal interface materials; pure indium, gallium, germanium, and tin; as well as alloys and inorganic compounds. We offer a closed-loop reclaim system for these metals.

Indium Corporation's scientists, application engineers, and technical support engineers work closely with our customers to develop custom solutions to their technical problems and optimize their processes to:

- Increase yields
- Reduce defects
- Increase revenues
- Deliver high value
- Improve customer satisfaction and return on investment
